Benedictine Takes the First Race Under the Whip.

(SPECIAL TO THE EVENING WORLD.)
GUTTENBURG, MARCH 30.—Fine weather and a good card brought out a large crowd to the ttenburg track to-day. The track was in first-class condition and as dry as a chip. The opening event was a dash of six fur-

longs, in which there were any number of things. Benedictine worked a fast trial a few days ago, and on the strength of his good showing through the stretch to-day he was made a favorite. Jack Rose, though carrying heavy weight,

was a strong second choice. He had been heavily placed in the city. Lithbert and Pearl Set were also well placed.

Pearl Set were also weil placed.

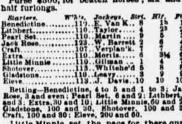

Benedictine won handily enough. He got away poorly, but raced up from eighth place in the first furiong. Lithbert ran weil for haif a mile, but when he came to the pinch in the stretch he stopped, lasting long enough to beat Pearl Set, who came fast at the dinial. Jack Rose was badly ridden, but was pounds the beat horse in the race.

The second race showed the unfortunate Maxim filly a hot favorite. Arthur Devis was heavily played all over the ring, and it was evident that he was the good thing, though his past, performances did not justify his winning. He won in a caster as time from Maxim filly, who filled her usual place. Teutonic closed up considerable ground in the stretch and finished third.

The third race went to Noonday who was an odds on ravorite. His backers, however, had heart disease when they saw Eimstone, as 30 to 1 shot, collar the favorite in the stretch, and after a hot finish was only beaten a head.

Furk II. was a good third.

Among the guests were the members of the "Shenandoah" Company, which played in Chelsea last night. The fire started in the engine-room, in the rear of the basement, but how is as yet unknown.

There were fire-escapes in the rooms-ropes with attachments for siding down-but the guests were too bewildered to use them. The guests in the Adams House were awakened when it seemed probable that the flames would encompass that structure, but all was quiet and orderly owing to the good judgment of the clerks in charge.

Exit by the stairways was cut off by the thick smoke, which, by the time the simbering occupants of the building were aroused, was well mixed with flames. A rush was made for the fire-escapes on Avery place. It took some few minutes before the excited throng could get the escape in working order, and then commenced the scramble down the rounds.

It was during this descent that Mr. Perry met with accident. He either jumped or was pushed from the ladder when he had reached the level of the third story. While rushing building, Mr. Southworth miscook the opening or the elevator well, and fall down three stories, tighting on the top of the elevator, where he was found in an unconscious condition by the firemen when they got into the place.

In the Adams House, adjoining the burning building, nearly five hundred guests were asleep at the time of the breaking out of the fire. They were promptly aroused and every precaution was made for removing them and their effects in the event of the fire penetrating the heavy partition wall.

Beditor Lant, of Tarrytown, Arrested for Sending Her Obscene Letters.

John A. Lant, editor of the Record of the Times, of Tarrytown, N. Y., was held in \$1.500 bail by Usited States Commissioner Shields this afternoon on a charge of sending obscene matter through the mails.

The complainant was Mrs. Minna Irving Delamater, the Tarrytown poetess, who alleges in her affidavit that Lant had persecuted and annoyed her ever since she caused the conviction of Palmer B. Wells, in January, 1888, for the same offense.

The letters upon which the complaint is based were received by Mrs. Delamater Feb.
